ClinicalKey for Nursing offers a faster, more convenient way to access answers.

DISEASE TOPIC PAGES

View Quick, Point-of-Care Content

- Access **175+** disease Topic Pages with fast answers for nurses around assessment, diagnosis, planning, implementation and evaluation.

1 DISEASE OVERVIEW

Trusted Sources

- Quickly access assessment, analysis, planning, implementation, discharge and evaluation information from Mosby's Evidence-Based Nursing Monographs, and pathophysiology, diagnosis and intervention information from the Handbook of Medical-Surgical Nursing.

Interactive Outline

- Jump quickly between sections to explore the disease definition, clinical manifestations, treatment, prognosis, diagnostic studies and more.

2 SCOPED SEARCH

Access from Any Screen

- Use Scoped Search from anywhere in ClinicalKey for Nursing, even inside book or journal content.

Restrict by Any Content Type

- Narrow search results by one of all content types available – not just books and journals.

Search Within Content

- When already inside book or journal content, limit search results to that publication only or a particular portion of it.

3 BROWSE

The Browse feature allows users to select a specific source, such as, full text book or journal.

4 TOOLS

Access to IV dosage calculators, PO dosage calculators and a body surface area tool.

5 PERSONAL ACCOUNT

Customize Your Access

- Create a personal account to gain continuing education credits and to access customizable features like the Presentation Maker and Saved Content.

6 MORE RESULTS

Click through to a list of search results to explore your topic further.

7 QUICK LINKS

Explore related drugs, related patient education, and related articles and guidelines. All quick links are frequently updated to present the most current, relevant information. Clinical Skills subscribers will have quick links to their customized skills.
